## ACCOMPLISHMENT REQUIREMENTS FOR MEDICAL STUDENTS IN PHARMACOLOGY (1<sup>st</sup> semester)

The conditions for semester accomplishment are as follows:

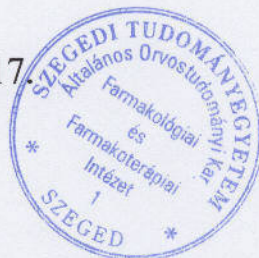

1/ Students are required to attend lectures and practical studies. The attendance will be continuously controlled by the Department. **In case of absence over 25 % the department will refuse the acceptance of the semester.** Certification about the absence should be presented to the Educational Referee of the Department (not to the teacher of the practical). The Educational Referee may permit supplementation of the missing practicals that will be performed by the teacher of the practical.

2/ There are eight interim exams (demonstrations, MTOs) in the form of multiple choice questions in the first semester. **One occasion is permitted for each MTO (no repetition).**

3/ The form of assessment at the end of the 1<sup>st</sup> semester is 'End Semester Exam' (ESE), taken in a written form, including multiple choice questions. The demonstrations (MTOs) constitute 20 % of the final mark of the semester.

4/ The 2<sup>nd</sup> semester ends with a final examination in oral and written form. Exemption from the written part can be achieved based on the results of the 1<sup>st</sup> End Semester Exam and the MTOs of the 2<sup>nd</sup> semester.

Szeged, 4<sup>th</sup> of September, 2017.

András Varró, M.D., Ph.D., D.Sc.  
Chairman of the Department
