ACCOMPLISHMENT REQUIREMENTS FOR DENTAL STUDENTS IN PHARMACOLOGY (1st semester)

Considering the Academic and Examination Regulations of the University of Szeged and the Faculty Academic Regulations the conditions for semester accomplishment at the Department of Pharmacology and Pharmacotherapy are as follows:

1/ Lecture attendance is not compulsory, but highly recommended to understand and learn the subject. However, the attendance on the practice is compulsory. The attendance will be continuously controlled by the Department. **In case of absence over 25 % the department will refuse the acceptance of the semester.** Certification about the absence should be presented to the teacher of the practical.

2/ There are three interim exams (demonstrations, MTOs) in the form of test questions in the first semester. **At least passed (2) level must be achieved in each demonstration** that is the criterium of the acceptance of the practical course. **The failed MTOs can be repeated once during the last week of the first semester.**

3/ At the end of the first semester the student will be evaluated **by the average of the MTOs (mark 1 to 5) during the semester.**
